VISION

"Orange City Institute of Nursing run by" Kirantai Babarao Meghe Education Society, Yavatmal, Strives to provide the best nursing education that combines continuous quality improvement, current technology & cost effectiveness.

Our vision is to advance the body of Nursing Knowledge through education, innovative technological approaches, integrating theory research and practice to transform Nursing care Locally, Nationally and Globally, recognized as a leading model of institution offering excellence in quality of nursing education to promote research activities and turning out intellectually enlightened, morally upright, emotionally balanced and socially committed health care professionals.

MISSION

"Orange City Institute of Nursing" Provide accessible, high quality education to diverse student population for the development of nurse clinicians, educators, administrators and researchers. The mission will be accomplished by faculty who are committed to education of the highest standard through integration of theory and practice that reflects the current needs and trends of the society. The Institute aims to educate knowledgeable, competent and compassionate nurses and train them in providing quality in services and professional care to the patients" The highest quality of patient care provided through the advancement of nursing practice.

WELCOME TO OUR COLLEGE

The increasing demand for trained nurses across the world made the nursing a good career option Orange City Institute of Nursing started in the year 2023 under the "Kirantai Babarao Meghe Education Society, Yavatmal.(2017) The institute is committed to achieve excellence in Nursing education, Clinical practice and Community service. The college prepares nursing students to be excellent clinicians and leaders, who will work to improve the health and health status of the society. The program prepares individuals to assume the role of professional nurses who can practice in a variety of health care settings The Nursing programme was started with the aim of providing excellence in teaching, research, service and leadership. Our Institution offer innovative learning approaches through classroom teaching with the help of modern technology and clinical teaching by adopting various methods such as bedside teaching, case study and case discussion, video teaching etc. We periodically conduct workshops and conferences to update the Knowledge & skill of the students as per the Maharashtra University Of Health Sciences Nashik. We regularly update to the parents about the academic performance of their students. Apart from academics; importance is given to character building and discipline among the students to prepare them for their professional life in society. The combination of computer training and exposure to the modern diagnostic equipment and hospital training will certainly equip our students with the capability of easily adopting to the ever changing technology in the field of health on one hand and will provide highly qualified health professionals on the other hand which is the need of the hour in our country.
